

JORDAN ALEXIS

Junior Programmer and Designer

Brooklyn, NY 11212

alexisjordan842@gmail.com

16466258972

As a programmer, I can make websites, video games, and computer networks from scratch.

As a designer, it gave me many years of learning about how the field of my occupation works. I have used many applications at my disposal to create graphic arts like Adobe InDesign, Photoshop, XD, and Illustrator.

Using different programming languages, I publish websites on GitHub, Wix, WordPress, and use programs like Unity, Game Maker, Maya, Unreal Engine to make and produce games.

WORK EXPERIENCE
